Holla Back

Suncycle

Oh oh yea, oh
Nina Sky's in the buildin' tonite
Here we go, feel dis
Checkin' in da club, feelin' nice
Got ma home girls rollin' wit me on ma right
I feel the music gettin' inside and hit da dance floor
'Bout to set the nite off right
They said, if the rythym gets inside me
I bet that later would be grindin'
No stress cuz' we left our men at home
And if ur feelin' wat we singin' then yo no dat it's on
Come to dance and do our thang
Party in this club see wats in that thing
See guys tryna holla we gon' holla back
And party to dis Nina Sky track
Come to dance and do our thang
Party in this club see wats in that thing
See guys tryna holla we gon' holla back
And party to dis Nina Sky track
50 afta party 'bout 5
Checkin' all da fly papis are inside
I feel da heat gettin' hotter
And I'm gonna get ma party on tonite
They said if the rythym gets inside me
I bet that later would be grindin'
No stress 'cuz we left our men at home
And if ur feelin' wat we singin' then yo no dat its on
Come to dance and do our thang
Party in this club see wats in that thing
See guys tryna holla we gon' holla back
And party to dis Nina Sky track
Come to dance and do our thang
Party in this club see wats in that thing
See guys tryna holla we gon' holla back
And party to dis Nina Sky track
Leave the afta party 'bout 9
Hear move your body girl in the right and start dancin'
Get back home and I lose track of time
Makin' sure the plans for tomorrow are alright

They said if the rythym gets inside me
I bet that later would be grindin'
No stress 'cuz we left our men at home
And if ur feelin' wat we singin' then yo no dat its on
Come to dance and do our thang
Party in this club see wats in that thing
See guys tryna holla we gon' holla back
And party to dis Nina Sky track
Come to dance and do our thang
Party in this club see wats in that thing
See guys tryna holla we gon' holla back
And party to dis Nina Sky track
Guys watchin' you dancin' and screamin' oh
Night ain't ova you still have time to go
Keep it dancin' lets see you work the flow
Do your thang, do your thang
Guys watchin' you dancin' and screamin' oh
Night ain't ova you still have time to go
Keep it dancin' lets see you work the flow
Do your thang, do your thang
Come to dance and do our thang
Party in this club see wats in that thing
See guys tryna holla we gon' holla back
And party to dis Nina Sky track
Come to dance and do our thang
Party in this club see wats in that thing
See guys tryna holla we gon' holla back
And party to dis Nina Sky track
C'mon and party wit us
