

# Rock Music

## Jefferson Starship

Rock and roll is good time music  
Listen to it  
Rock and roll is good time music  
Listen to it Alright  
Mama said, "Be a doctor son"  
But a voice said, "Follow the music"  
Papa said, "Be a lawyer boy"  
But a voice said, "Follow the music" "Cause you know you're not doin' for the money  
You're doin' it just for the thrills  
You don't do it for money, boy  
So thank the Lord rock keeps payin' the bills I said, "Rock and roll is good time music  
Listen to it  
Rock and roll is good time music  
Have a listen to it" Alright, oh yeah  
You may think that life ain't no laughing matter  
And go right on a talkin' all your intellectual chatter  
Well all that jivin', it ain't true so let's just push on through  
Rock and roll to stay alive, rock and roll will survive Sneakin' Monica out after the prom  
You know I didn't get her back till just before dawn  
Outside we were creepin', inside everyone was sleepin'  
Goodness gracious that's rock and roll, oh yeah, alright I told you  
Rock and roll is good time music  
Listen to it  
Rock and roll is good time music  
Listen, listen, listen Rock and roll is good time music  
Told you to listen to it  
Rock and roll is good time music  
Listen to it Rock and roll is good time music  
Rock and roll is good time music  
Rock and roll is good time music
