

Please Play This Song on the Radio

NOFX

We wrote this song, it's not too short, it's not too long
It's got back up voc's in just the right places
It's got a few oohs and ahhs
It takes a little pause
Just before the second chorus
Please play this song on the radio
Almost every line is sung in time
Almost every verse ends in a rhyme
The only problem we had was writing
Enough words
But that's okay, because the chorus is
Coming up again now
Please play this song on the radio
Please play this song on the radioRight about this time
Some shit head will be drawing a fat fucking line
Over the title on the back sleeve, what an asshole
So Mr. DJ I hope you've already made your segway
Or the FCC will take a shit right on your head
Can't play this song on the radio
Can't play this song on the radio
