

# Left Right out of Your Heart

Patti Page

Hi-lee Hi-lo Hi-lup up - up  
Hi-lee Hi-lo Hi-left!  
Hi-lee Hi-lo Hi-lup up - up  
Hi-lee Hi-lo Hi-left! [Chorus]  
Oh, I was left (left), right (right)  
Out of your arms  
Oh, I was left (left), right (right)  
Out of your charms  
My heart said I's right (right)  
Right from the start  
Now I am left, right (right, left)  
Out of your heart Oh, you were such a cute Marine  
I really was impressed  
You said of all the girls you knew  
That you liked me the best  
I gave you all my kisses  
Surrendered all my charms  
But time revealed, you played the field  
And I was, left [Chorus] You said you'd look me up, up, up  
When you got back to town  
But when you hit the city  
All you did was look around  
I caught you with a red-head  
And, baby, tho' you said  
You're merely warmin' up for me  
I figure I was, left [Chorus] You called me on the telephone  
And said: "Suzie dear  
You're bein' mighty silly  
In believin' all you hear  
You know I love you only  
So Suzie save your breath"  
But, since my name is Cindy Lou  
I know that I was, left [Chorus]
