Woman Like A Man

Damien Rice

I need a piss
Wanna hate
Fuck it up
Come
My love
Eat your meat
Keep your teeth
Run
You lost me
You cost me
You thought me of me, yeah
We're bad
What we do
Stupid fools
You wanna get boned
You wanna get stoned
You wanna get a room like no-one else
You wanna be rich
You wanna be kitsch
You wanna be the bastard of yourself
You wanna get burned
You wanna get turned
You wanna get fucked inside out
You wanna be ruled
You wanna be fooled
You wanna be a woman like a man
Like a, like a, like a
Woman like a man, like a man
Like a woman like a man, treat you like a man
Woman like a man, woman like a man
Like a woman like a man, woman like a man
Woman like a man, like a man
Like a woman like a man, woman like a man
Woman like a man, like a man
Like a woman like a man, like a man
I need a hit
Want to wait
Suck it up
Cum

My love
Eat your meat
Itchy feet
Run
You reach me
You bleach me
You teach me of me, how familiar
We're bad
What we do
Stupid fools
You wanna get boned
You wanna get stoned
You wanna get a room like no-one else
You wanna be rich
You wanna be kitsch
You wanna be the bastard of yourself
You wanna get burned
You wanna get turned
You wanna get fucked inside out
You wanna be ruled
You wanna be fooled
You wanna be a woman like a man
Like a woman, like a
Woman like a man, like a man
Like a woman like a man, woman like a man
Woman like a man, like a man
Like a woman like a man, treat you like a man
Like a man, like a woman like a man
Like a woman like a man, treat you like a man
Woman like a man, woman like a man
Like a woman like a man, like a man
You wanna get boned
You wanna get stoned
You wanna get a room like no-one else
You wanna be rich
You wanna be kitsch
You wanna be the bastard of yourself
You wanna get burned
You wanna get turned
You wanna get fucked inside out
You wanna be ruled
You wanna be fooled
You wanna be a woman like a man
Like a woman, like a, like a man
Treat you like a man

Like a man, man, man, man, man
Like a man, man, man, man
Treat you like a man, man, man, man, man, man
Like a man
Woman like a man, like a man
Treat you like a man, woman like a man
Woman like a man, like a man
Like a woman like a man, treat you like a man
Woman like a man, treat you like a man
Treat you like a man, woman like a man
Woman like a man, like a man, like a man, oh
Woman like a man, like a man
Treat you like a man, woman like a man
Woman like a man, like a man
Like a woman like a man, woman like a man
Woman like a man, treat you like a man
Woman like a man, woman like a man
Woman like a man, woman like a man
Woman like a man, like a man
