Fade Out Lines - The Avener Rework

The Avener

(Deeper down)It s every where I look
From Las Vegas to Richter here
Under your dresser
Right by you ear
It's creeping In sweetly
It's definitely here
There's nothing more deadly
Than slow growing fearLife was full and fruitful
And you could a take a real bite
The juice pouring well over
You skins delight
But the shadow it grows
And take the depth away
Leaving broken down pieces
To this principles balletThe shallower it grows
The shallower it grows
The fainter we go
Until the fade out lineThe shallower it grows
The shallower it grows
The fainter we go
Until the deeper downDid we build all those bridges
To watch them thin down to dust
Or blow them voluntarily
Out of constant trust
The clock is ticking, it's last couple of tocks
And there won't be a party with weathering frocksThe shallower it grows
The shallower it grows
The fainter we go
Until the fade out lineThe shallower it grows
The shallower it grows
The fainter we go
Until the fade out lineHeading deep down
We're sliding without noticing
Our own decline
Heading deep down
We're hanging onto
Sweet nothings left behind
Deeper down
Deeper down

Deeper down
Deeper down
Down, deeper down, yeahDid we build all those bridges
To watch them thin down to dust
Or blow them voluntarily
Out of constant trust
The clock is ticking, it's last couple of tocks
And there won't be a party with weathering frocksDid we build all those bridges
To watch them thin down to dust
Or blow them voluntarily
Out of constant trust
The clock is ticking, it's last couple of tocks
And there won't be a party with weathering frocksThe shallower it grows
The shallower it grows
The fainter we go
Until the fade out lineThe shallower it grows
The shallower it grows
The fainter we go
Until the fade out lineWe are all plunging straight towards our own decline
Without noticing we slide down
Deeper down
The shadow grows without ever slowing down
We are heading straight
Into the fade out line
(Deeper down)
