

Touch

U2

Thank you
Don't mention it
I'm pleased to meet you
Don't think I'm very good at this
Let me show I don't wanna know
I just wanna go (down) F-f-falling the world is by your side
Falling did you find a place to hide I just wanna know
I just wanna go T-t-touching you
T-t-touching you
T-t-touching you She said, the twenty second floor
But I said, I can't think what it's for I just wanna know
I don't wanna go T-t-touching you
T-t-touching you
T-t-touching you I'm t-t-touching you
T-t-touching you
T-t-touching you T-t-touching you
