

# Everglow

## Coldplay

Well they say people come  
Say people go  
This particular diamond  
Is extra special  
And though you might be gone  
And the world may not know  
Still I see you're still lasting on

Like a lion you ran  
Goddess you rode  
Like an eagle, you circle  
And perfect of all  
So how come things move on?  
How come cars don't slow?  
When it feels like the end of the world  
When I should, but I can't, let you go

But when I'm cold, cold  
When I'm cold, cold  
There's a light that you give me  
When I'm in shadows  
It's a feeling within me, everglow

But my brothers in blood  
Sisters unite  
And we swore that night we'd  
Be friends 'til we die  
With the changing of winds  
And the way waters flow  
Life is short as the falling of snow  
And oh, I'm gonna miss you I know

But when I'm cold  
Cold, yeah when I'm old, I soar  
And I know that you're with me  
In a way that won't show  
And you're with me wherever I go  
But you give me this feeling, this everglow

Oh, what I would give for just a moment to know

Yeah, I live for this feeling, itâ€™s everglow

So if you love someone, you should let them know  
Oh, the light that you left me will everglow
