

Fall-N (feat. G.I.B.)

Chingy

Fall-n, fall-n, pussy niggas
Fall-n, pussy niggas
Fall-n, pussy niggas
Fall-n, pussy niggas
Fall-n, pussy niggas
Fall-n, pussy niggas To all my hustla niggas, fall-n
To all you bitch ass niggas we gonna do it again
I got kin, I got friends
Thinkin' the river don't stop with the mens, pussy nigga To all my hustla niggas, fall-n
To all you bitch ass niggas we gonna do it again
I got kin, I got friends
Thinkin' the river don't stop with the mens Retaliation is a must I'm keepin' the gutter broad
Anybody talkin' stuff, yeah, I'm runnin' up on, ya
Banger, keep it by my side, honey, stacks don't fold right
'Cause I got them streets tied pimpin' like I'm rollin' right Yeah, you're walkin' on the corner better get my
money right
'Cause I know your feet hurt, how you gonna stay by my side
If you ain't gettin' it I'm about to roll you right
Like a dodgy blunt, pickin' thrownin' off the side To all my hustla niggas, fall-n
To all you bitch ass niggas we gonna do it again
I got kin, I got friends
Thinkin' the river don't stop with the mens To all my hustla niggas, fall-n
To all you bitch ass niggas we gonna do it again
I got kin, I got friends
Thinkin' the river don't stop with the mens Doin' it like Donald Trump I'm sendin' this one
To the women with body and all my hustlas with the grill front
That's got check but it ain't gonna last for four months
Bought a chain that's some cardy of grain, get it man Don't stunt get wit my beats in the four blunts
Leave with your cunt heads up a must of broke one
Yeah, it's official now blow your whistle now
I got a rifle to tell 'em blow your whistle now When I'm chillin', I'm fillin'
Real good watchin' flat screens on the ceilin'
Big wheelin', quarter melon
Three hundred c plus tar spillin', bitch To all my hustla niggas, fall-n
To all you bitch ass niggas we gonna do it again
I got kin, I got friends
Thinkin' the river don't stop with the mens To all my hustla niggas, fall-n
To all you bitch ass niggas we gonna do it again
I got kin, I got friends

Thinkin' the river don't stop with the mensBut it depends on how I feel
And how you been in the past
Either your fake or your real
I don't deal with whole niggas'Cause whole niggas they hamper Dre
Like they're bigger than they really are
Ridin' in my fast car like Tracy Chapmen
I'm simply rappin'Givin' the world pure satisfaction
If action is what you like to do
Then play your role
'Cause I'm tired of niggas comin' in my life play 'em wholeTo all my hustla niggas, fall-n
To all you bitch ass niggas we gonna do it again
I got kin, I got friends
Thinkin' the river don't stop with the mensTo all my hustla niggas, fall-n
To all you bitch ass niggas we gonna do it again
I got kin, I got friends
Thinkin' the river don't stop with the mens
