

# Come On, Pt. 3

## Stevie Ray Vaughan & Double Trouble

People talkin' but they just don't know  
What's in my heart and why I love you so  
I love you baby like a miner loves gold  
Come on baby let the good times rollLet the good times roll  
Come on it soothes my soul  
Oh let the good times roll  
Come on, come on, come onA lot of people live in make believe  
They keep a lot of dirt up their sleeve  
My love baby ain't the kind to fold  
Come on baby let the good times rollLet the good times roll  
Come on and let it roll  
Aw yeah  
Let it roll  
Come on  
Let it rollOur lovin's nice if it's understood  
It's even nicer when you feel so good  
You got me flippin' like a flag on a pole  
Come on sugar, let the good times rollOh, let the good times roll  
Come on let it roll  
Come on, come on  
Come on, come on  
Come on and let it roll
