

# Margaret (1999 Remastered Version)

**Kevin Ayers**

Margaret  
You're such a magical child  
I found that  
The first time you smiled And the more i get to know you  
The more I am amazed  
To find in someone  
Such tender loving ways And just like everybody sings  
When the sunshine makes them high  
I sing this gentle love song  
From a flower to a butterfly From a flower  
to a butterfly.....
