Blood streaming from my eyes

But you will never hide

Decide whats going on

And fuck your hidden pride Watch me - You will never see me

Rising - And your eyes are open

Nothing - Justice is the pain now

Fuck You - And the devil takes you [CHORUS] Ride with the devil - Ride with me

He'll take your life away - I'll take you away

Lost in your own world - Pay nothing for this ride

You'll never destroy our fear - Exept your soula and then your mind [REPEAT CHORUS] You're not supposed
to be like me

You decide You sold your soul for order

So he could take it over

The string he pulls inside my head

At last I will discover

True Meaning of our lord

The devil inside my head
