

Let It Go

Straight No Chaser

Let it go, Let it go
cant hold it back anymore
Let it go, Let it go
turn my back and slam the door
The snow glows white on the mountain tonight
Not a foot print to be seen
A kingdom of isolation and it looks like your the queen
The wind is howling like this swirling storm inside
couldnt keep it in heaven knows i tried
Dont let them in, Dont let them see
be the good girl you always have to be
conceal dont feel dont let them know
Well now they know
Let it go, Let it go
Cant hold it back anymore
let it go, let it go
turn away and slam the door
I dont care what they're going to say
Let the storm rage on
The cold never bothered me anyway
Its funny how some distance makes everything seem wrong
And the fears that have controlled me cant get to me at all
Its time to see what i can do to test the limits and brake through
No right No wrong No rules for me
Im free
Let it go, Let it go
Im one with the wind and sky
Let it go, Let it go
You'll never see me cry
Here i stand and here i stay
Let the storm rage on
My power flurries through the air into the ground
My soul is spiraling in frozen fracktles all around
And one thought cristilizes like an icy blast
Im never going back the past is in the past
Let it go, Let it go
and i'll rise like the break of dawn
Let it go, Let it go
That perfect girl is gone

Here i stand in the light of day
Let the storm rage on
The cold never bothered me anyway
