

# Troubles of the World

## Ollabelle

Soon I'll be done with the trouble of this world  
Trouble of this world, trouble of this world  
Soon I'll be done with the trouble of this world  
Going home to live with GodThere'll be no more weeping and wailing  
There'll be no more weeping and wailing  
There'll be no more weeping and wailing  
Going home to live with GodI'll going to see my mother over there  
I'll going to see my mother over there  
I'll going to see my mother over there  
Going home to live with GodThere'll be no more weeping and wailing  
There'll be no more weeping and wailing  
There'll be no more weeping and wailing  
Going home to live with God  
Going home to live with God  
I'm going home to live with God
