

Didjerama

Jamiroquai

(instrumental)Written by jay kay, wallis buchanan and derrick mckenziePersonnaly i don't like this song a lot... both instrumental songs in twm lack of that characteristic funky sound of jami... and they don't have that groovy tones, but i must admit that i like the didgeridoo sounds, mr. buchanan is very good in playing that long bamboo stick...

Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
