

# Rescue Him

## Kimbra

The loaded dimes and poisoned darts  
He always aims for the heart  
Knows how to hurt me, knows how to win  
His love's a kick in the shins  
I never thought we'd go together  
But now I never say never  
'Cause when he falls, I see the boy-child  
I can't help but sympathize so I will rescue him, I will rescue him  
Each time he knocks I let him in when he wants it  
Time and time again, time again  
I give my forgiveness (seventy times seven)  
I will rescue him, I will rescue him  
No matter what the cost is, when he wants it  
Time and time again, time again  
I give my forgiveness (seventy times seven) 1, 2, 3, 4, 5 I'm on your side  
My patience won't tire with you  
5, 6, 7 baby up to heaven  
I'll never be tired of you 1, 2, 3, 4, 5 I'm on your side  
My patience won't tire with you  
5, 6, 7 baby up to heaven  
I'll never be tired of you They see my silence, see my restraint, uh  
They think I'm crazy for waiting  
For the sun to rise without an end  
The only see his unfaithfulness  
But I have golden eyes on my man  
I see his soul, battle the sin  
They think I'm wasting my time  
Making a home in this calamity  
But I can't let go I will rescue him, I will rescue him  
Each time he knocks I let him in when he wants it  
Time and time again, time again  
I give my forgiveness (seventy times seven)  
I will rescue him, I will rescue him  
No matter what the cost is, when he wants it  
Time and time again, time again  
I give my forgiveness (seventy times seven) 1, 2, 3, 4, 5 I'm on your side  
My patience won't tire with you  
5, 6, 7 baby up to heaven  
I'll never be tired of you Making love to the song you sing

I don't care if you aren't deserving  
'Cause I know that your heart is hurting  
But no one can ever help the way I meanI will rescue him, I will rescue him  
Each time he knocks I let him in when he wants it  
Time and time again, time again  
I give my forgiveness (seventy times seven)  
I will rescue him, I will rescue him  
No matter what the cost is, when he wants it  
Time and time again, time again  
I give my forgiveness (oh, I give my forgiveness)1, 2, 3, 4, 5 I'm on your side  
My patience won't tire with you
