

# Deus In Absentia

## Ghost B.C.

In this here time of need, You're turning to the light.  
You have just begun to explore the dark,  
in the urban night. The world is on fire,  
and you are here to stay and burn with me.  
A funeral pyre,  
and we are here to revel forevermore. You're so goddamn frail,  
failing for a change.  
You just had to know all about the world,  
but you will never know,  
'cuz no one ever told you how. The world is on fire,  
And you are here to stay and burn with me.  
A funeral pyre,  
and we are here to revel forever.  
The world is on fire,  
and we are tied as one eternally.  
A funeral pyre,  
and we are here to revel forevermore. All of your imaginations,  
are now running down your face.  
All of your imaginations,  
are now running down your face. Oh you are looking good,  
they're back in disgrace.  
And you're doing fine worshipping your lord,  
standing in his grace,  
'cuz no one ever told you how. The world is on fire,  
And you are here to stay and burn with me.  
A funeral pyre,  
and we are here to revel forever.  
The world is on fire,  
and we are tied as one eternally.  
A funeral pyre,  
and we are here to revel forevermore.
