Blunt Force Castration

Cannibal Corpse

Smash his scrotum sac
Altered ferociously
Survived this attack
Sterile now left to bleedEmptied in the crotch
Gonads reduced to pulp
Hateful remedy
Void of sexualitySledgehammer destroys
Groin, tattered and maimedEmasculate
Crushing the testicles fast
Debilitate
Cutting off the penis lastMacerate, deforming
Enervate, CaponizedDetached genitals
Mangled between the thighs
Gelded painfully
Transformed before his eyesBlood spews everywhere
Deprived of virilitySledgehammer destroys
Groin, tattered and maimedInactivate
She crushed the testicles fast
Disintegrate
She cut off the penis fastMacerate, deforming
Enervate, CaponizeBlunt force castration
Giving life is done
Blunt for castration
De sexualized
Blunt force castrationMacerate, deforming
Enervate, CaponizedSmash his scrotum sac
Altered ferociously
Survived this attack
Sterile now left to bleedHateful remedy
Void of sexualitySledgehammer destroys
Castrated with blunt force
