In Two

Blue Hawaii

Uuuuh

Has left me
Into now knowing were to close
Not knowing were to close
Sometimes when I think that gone my life
I see the one thing that has gone
Uuuuh
And there's never knowing when my.. felt down
Down
Is only knowing how to get out
So what is instead ?
So what is instead ?
Close by
Close by
Just time
Close by
Oh does it felt
How swimming all around we
And on the other side there's a family
Ooooh
How much I want be .. for so long
How much I want be .. for so long
So what is instead?
So what is instead?
In two
In two
In, in, in
In, in, in
In two
