

I Got a Right

Iggy Pop & The Stooges

Anytime I want I got a right to move
No matter what they say
Said anytime I want I got a right to move
No matter what they say 'Cause I got a right, a right to move
Anytime I want any old time
Said I got a right a right to move
Anytime I want Anytime I want I got a right to say
No matter what they say
Said anytime I want I got a right to say
No matter what they say
'Cause I got a right a right to say
Anytime I want any old time
'Cause I got a right a right to say
Anytime I want Anytime I want I got a right to move
No matter what they say
Said anytime I want I got a right to move
No matter what they say
'Cause I got a right a right to move
Anytime I want any old time
'Cause I got a right a right to move
Anytime I want I got a feeling, I got a feeling
I got a feeling, I got a right
I got a right, I got a right
