

You're Obsolete

Nasum

Stare me in my eyes and tell me that you don't care
Try to convince me that you will not try to change You are nothing - you're obsolete
You are really nothing - you're disposable All the work and no play will surely make you numb
But endless wandering isn't the solution You are nothing - you're obsolete
You are really nothing - you're disposable All the work and no play will surely make you numb
You are - nothing! Endless wandering isn't the solution
You are - nothing!
