On the Way Down (Acoustic Version)

Ryan Cabrera

Sick and tired of this world
There's no more air
Tripping over myself
Going nowhere
Waiting
Suffocating
No direction
I took a diveOn all the way down
I saw you
And you save me from myself
And won't forget the way you love me
And on the way down
I almost fell right through
But I held on to youBeen wondering why
It's only me
Have you always been inside?
Waiting to be
It's all right
Sunlight on my face
Wake up, yeahI'm alive
'Cause on the way down
I saw you
And you saved me from myself
And won't forget the way you love me
On the way down
I almost fell right through
But I held onto youI was so afraid
I'm going under
But now
Weight of the world
Feels like nothing
No nothingDown down down
You're all I wanted
Down down down
You're all I needed now
Down down down
You're all I wanted
You're all I neededAh, ah
Ah, ah

And won't forget the way you love me
Ah
All I wanted
All I needed nowOn the way down
I saw you
Save me from myself
And won't forget the way you love me
And on the way down
I almost fell right through
But held onto you
Down down down
But I held onto you
Down down down
But I held onto you
Held onto youÃ¢?Â¦
