Pupil / The Patience

The Internet

Hey hey
Hey hey
Hey hey hey
Hey heyGoing out I was on the road
To places that you never know
The answer is to put on a show
So we go, fly awayThe sky went to the South of France
The Swiss and then to Amsterdam
Traveling across the land
Blame yourself, everyday
I don't want to
Think about you leavin' on me
Hop up on meYou go away from me
You go away from meI'm sorry that I went away
Wipe the smile from your face
Soon I'll be back to save the day
This we know so don't you cry no no
I know you hate to see my go
But you should know you're not alone
I wish that you could tag along
But you know that I'm at home
