Girl

Empire Of The Sun

I'm looking onï»¿ the streets just to know your name,
One million beats but they're not the same,
Morning light streaming through my window pane,
Being true just hold me close, like it was, just like it was,
Three minutes since I've been at your door,
All the dust has settled, so has the score,
Still long for your touch,
The feelings are my fault and not enough believe me now,
Girl don't you pretend, girl can make amens
The desire, give a sign, that you are still mine

Girl don't you pretend, girl can make amens
The desire, give a sign, that you are still mine
