## Muse

Break me in teach us to cheat and to lie  
Cover up what shouldn't be shared  
And the truth's unwinding, scraping away at my mind  
Please stop asking me to describe him For one moment, I wish you'd hold your stage  
With no feelings at all  
Open-minded, I'm sure I used to be so free Self-expressed, exhausting for all  
To see and to be what you want and what you need  
And the truth's unwinding, scraping away at my mind  
Please stop asking me to describe For one moment, I wish you'd hold your stage  
With no feelings at all  
Open-minded, I'm sure I used to be so free For one moment, I wish you'd hold your stage  
With no feelings at all  
Open-minded, I'm sure I used to be so free Wash me away, clean your body of me  
Erase all the memories  
They'll only bring us pain  
And I've seen all I'll ever need
