

Give A Little Love

Rilo Kiley

you'll get your money
i'll get my friends
hard living's forgiven
in the end
you got your troubles
i got mine
on a clear day i can
read your mind
ooh
it's like a battlefield inside
(1st chorus)
you got to
give a little love
give a little love
give a little love
to get a little love
give a little love
give a little love
i know you better
than you want me to

inside your pockets
and walking in your shoes
ooh
it can get better if you try
(1st chorus)
(2nd chorus)
i hope you
give a little love
give a little love
give a little love
to get a little love
give a little love
give a little love
i keep you close
in my wildest dreams
my rearview mirror
and you're waving to me
our last goodbye

(2nd chorus x2)
