

Your Love Is Mine (Extended Mix)

[Evelyn](#)

Your voice, your words
Echo wherever I go
Your touch it hurts
You're so far away when you close
And I can't take it another day
I can show you any other way
If I told you "would it make you stay?"
Make you stay, make you stay You don't even know it
That your love is mine
I'm ready to show it
That your love is mine
You don't even know it You don't even know it
That your love is mine
I'm ready to show it
That your love is mine Each step we take
Is pushing you further from me
I dream awake
Your shadow refuses to leave
And I can't take it another day
I can show you any other way
Cause I always been too afraid
But I won't let you slip away I got you in my mind
Your heart, your kiss
You stuck in my head
Your touch is bliss
I'm running outta time
I'm running outta time
I'm running outta time
To make you see You don't even know it
That your love is mine
I'm ready to show it
That your love is mine
You don't even know it You don't even know it
That your love is mine
I'm ready to show it
That your love is mine
You don't even know it
That your love is mine
I'm ready to show it

That your love is mine
You don't even know it
