

On My Own Again

Kleerup

So if you want it,
Straight from the core,
So if you need it,
I'm lettin' it show,
I'm missing you so(oh oh).

And since you wanted a change,I know,
I could back up but I lost my flow,
Everything I couldn't find I lost.

I know someone had to go,
So I'm on my own, again.

So if you mean it,
I'm letting you go,
I guess I've seen it,
I've been here before.
I'm missing you so. (oh oh).

And since you wanted a change,I know,
I could back up but I lost my flow,
Everything I couldn't find I lost.

I know someone had to go,
So I'm on my own, again.
