Na, na, na, na, na

Na, na, na, na, na

Na, na, na, na, na, na, naMarques Houston

## Mattress music

Ooo, take one Here we are, you and me, all alone in this room

## Doing things that only grown folks do

I'm grabbing you, you grabbing me

Your body's here, I can't believe it, either one of us can even breathe  
Now I am like a rocket, going into orbit

And girl, you are the cockpit

So come let me explore it

## Should we count down?

Down, down, down, 5, 4, 3, 2, 1Explosion, explosion, explosion

Explosion, explosion, explosion When are body's get to touchin'

## Don't hold back

I love it when we're making contact

Explosion, explosion, explosion Here we are, you and me, all alone in this room

## Doing things that only grown folks do

I'll lick, lick, lick, lick, lick, lick, lick, lick, lick

Until I cover every inch of you  
Now I am like a rocket going into orbit

And girl, you are the cockpit

So come, let me explore it

## Should we count down?

Down, down, down, 5, 4, 3, 2, 1Explosion, explosion, explosion

Explosion, explosion, explosion When are body's get to touchin'

## Don't hold back

I love it when we're making contact

Explosion, explosion, explosion Feels like big bumps going all around ya

And everything's falling down around ya

Oh, baby, but we can't be fakes, see the look on your face

And it's telling me that you love it

Telling me that you need it, oh girl, here it comes again Explosion, explosion, explosion

Explosion, explosion, explosion When are body's get to touchin'

## Don't hold back

I love it when we're making contact

Explosion, explosion, explosion Feels like big bumps going all around ya
