

# Cherry Street

## Tijuana Panthers

At the Cherry street donut shop  
On my way to the parking lot  
And the cops are right outside  
Want to take you for a rideI saw you that night  
You did look alright  
I'll play, beautiful  
I can not see your phone (????)Cherry street donut shop  
(????)  
(????) running in the parking lot (????)  
Helicopters going to Cherry street shop (????)  
(????)  
And wait for you, my love  
Helicopters flying round'  
Spotlights shining down(????)  
Say that you all forget  
(????)  
(????)Cherry street donut shop  
On the sidewalk (????)  
(????) running in the parking lot (????)  
Helicopters going to Cherry street shop (????)(????)  
(????)  
(????)  
(????)  
I saw you that night  
You did look alright  
I'll play, beautiful  
I can not see your phone (????)
