What Do I Do

Sam Phillips

What do I do when I want to
Be as close as I can get to youI feel like a cruel girl
Saying both yes and no
I want you to want me
I need to trust you thoughWhat do I do when I fall through
Fears so long and dark that I lose youI feel like a lost girl
Letting my torn heart show
If you're so far away boy
How will you ever knowWhat do I do
What do I doI feel like a small girl
Falling beneath your form
If I set you on fire
Will you keep me warm?What do I do when I want to
What do I do when I want to
What do I do when I want to
