

Lil Stoner Boi

[Alex Wiley](#)

Smokin' hella dope but that's ok
Lonely lil' stoner boy dopin' in the corner boy
I hope they let him slide
Smokin' hella dope but that's ok
Lonely lil stoner boy I'm tryin' to rise above the flames
I must admit I'm proud of that
But they just try to bring me down
And I cannot get down with that I'm tryin' to rise above the flames
I must admit I'm proud of that
But they just try to bring me down
And I cannot get down with that
I'm tryin' to rise above the flames
I must admit I'm proud of that
But they just try to bring me down
And I cannot get down with that Smokin' hella dope but that's ok
Lonely lil' stoner boy dopin' in the corner boy
I hope they let him slide
Smokin' hella dope but that's ok
Lonely lil stoner boy They try to erase it
I might cry as I lie away
I might die my way
This life remains forever in my bones
I might cry as I lie away
This life remains forever in my bones
Feelin' I can find my style
I might die my way
This life remains forever in my bones
I might cry as I lie away
This life remains forever in my bones
Feelin' I can find my style
I might die my way
This life remains forever in my bones Smokin' hella dope but that's ok
Lonely lil' stoner boy dopin' in the corner boy
I hope they let him slide
Smokin' hella dope but that's ok
Lonely lil stoner boy
