Alone Tonight

Chris Young

You say he don't treat you right
You say it ain't the same
Spends all his time playing your heart like it's just a game
He should've never let you go
Now I got a real good reason
To let you know I wanna hold you close and pick up the piecesYou don't have to be alone tonight
Why you sitting at home tonight
Waiting for him to call you up at midnight, drunk
To tell you that he wants you
Let's get out of town tonight
Get lost and found tonight
'Til you don't care let me love you right
Let's go somewhere where you and I
Can be all alone tonightI wanna see your face
And whisper in your ear
I'm gonna say all the little things
You've been wanting to hearYou don't have to be alone tonight
Why you sitting at home tonight
Waiting for him to call you up at midnight, drunk
To tell you that he wants you
Let's get out of town tonight
Get lost and found tonight'Til you don't care let me love you right
Let's go somewhere where you and I
Can be all alone tonightBe all alone tonight
You don't have to be alone tonight
I want you for my own tonight
Girl you don't have to be alone tonight
Why you sitting at home tonight
Waiting for him to call you up at midnight, drunk
To tell you that he wants you
Let's get out of town tonight
Get lost and found tonight
'Til you don't care let me love you right
Let's go somewhere where you and I
Can be all alone tonight
Be all alone tonight
