

Optical Hopscotch

Guided By Voices

Meet me at the market
Where you bought me outClosely examine
The contact point of
The opposing ramsNow we are playing
Ooh, optical hopscotchNow we are over here
Sketching the field of the spies
Now we are over here
Sketching the field of the spiesFront me a coroner's allotment
I'll not fail to return
An exact earth pinprickNow we are engaged in
Ooh, optical hopscotchNow we are over here
(What's left of our vision?)
Sketching the field of the spies
Now we are over here
(Our swimming vision? Of what division?)
Sketching the field of the spiesNow we are over here
(What's left of our vision?)
Sketching the field of the spies
Now we are over here
(Our swimming vision? Of what division?)
Sketching the field of the spiesNow we are over here
(What's left of our vision?)
Sketching the field of the spies
