## Hudba z Marsu

We'd gather around  
    All in a room  
    Fasten our belts  
    Engage in dialog  
We'd all slow down  
    Rest without guilt  
    Not lie without fear  
    Disagree sans judgment  
We would stay and respond and expand and include  
And allow and forgive and enjoy and evolve and discern  
    And inquire and accept and admit  
And divulge and open and reach out and speak up  
    This is utopia  
    This is my utopia  
    This is my ideal  
    My end in sight  
        Utopia  
    This is my utopia  
    This is my nirvana  
    My ultimate  
We'd open our arms  
    We'd all jump in  
We'd all coast down  
    Into safety nets  
We would share and listen and support and welcome  
    Be propelled by passion, not invest in outcomes  
We would breathe and be charmed and amused by difference  
    Be gentle and make room for every emotion  
        This is utopia  
        This is my utopia  
        This is my ideal  
        My end in sight  
            Utopia  
        This is my utopia  
        This is my nirvana  
        My ultimate  
We'd provide forums  
    We'd all speak out  
    We'd all be heard

We'd all feel seen  
We'd rise post-obstacle, more defined, more grateful  
    We would heal, be humbled, and be unstoppable  
We'd hold close and let go and know when to do which  
    We'd release and disarm and stand up and feel safe

    This is utopia  
    This is my utopia  
    This is my ideal  
    My end in sight  
        Utopia  
    This is my utopia  
    This is my nirvana  
        My ultimate
