Love Is (feat. K. Michelle)

R. Kelly

Ooh yeah, oh babySaid I'm feeling pretty good right now, babe, ooh boy
Good about our loving darling, listenLike the world goes around every day, baby
That is how you spin me
Might as well call me a telegram, baby
'Cause darling, that's just how you send me, yeahI might as well take me a pen and sign a waiver
To be yours for the rest of my life, oh baby
You rescued me from heartache just like a savior
Now being in your arms is my paradiseListen baby
Ain't no love like your love, ain't no kiss like your kiss
Felt a whole lot of things but nothing's ever felt like this
You a genie to me, babe, the way you grant my wish
And tonight we're gonna let the world hear itThis is how our love is
You and me forever, baby, sing it, darling
Oh, this is how our love is
Can't nobody come between it, nah, babeListen honey
Ain't no doubt what we got, baby, is one of a kind
We're in the hall of fame as the greatest love of all time
So many said that this love wouldn't last too long
But we got the victory, darling and proved them all wrongJust like the sun comes in and chased away the rain, oh girl
See I love you, boy, 'cause you take away my pain
And it don't matter where you are, just call me, baby
'Cause I'd run a million miles just to get to you, babyListen honey, now
Ain't no love like your love ain't no kiss like your kiss
Felt a whole lot of things but nothing's ever felt like this
You a genie to me, babe, the way you grant my wish
And tonight we're gonna let the world hear itThis is how our love is
You and me forever, baby, sing it to me, darling
Girl, this is how our love is
Ain't nobody come between us, babeNow let me tell you how I feel
See our love is like an antidote and we deliver
Whole wide world with it, darling, preach to meThis love is like the people's hope
Something outta heaven, baby, 'cause it's gotta colon
Oh girl, when we're touching, ooh, when we're feeling
It's crazy like walking on the ceilingThis is how our love is, baby, you and me
You and me sing it to me, girl
Oh, this is how our love is, baby
And can't nobody come between us, babyThis is how our love is, rain, sleet or snow
Oh baby, I want the whole wide world to know

This is how our love is, forever and a day, hey
It will always be this wayThis is how our love is, take it or leave it
You and me together, take it or leave it
This is how our love is, take it or leave it
Take it or leave it, this is how our love is
