# Dirty Diamonds

## Alice Cooper

It looked so good, your perfect plan
You had to get greedy to be the man
Now you're holding the bag, paying the price
Gonna get burned from the heat of the iceDirty diamondsYou rolled the dice, you bet your life
You put your trust in your trophy wife
Got stabbed in the back in the blink of her eye
She's in bed with the boys and the FBIDirty Diamonds
Blood soaked money in your shakin' fist
Dirty diamonds
Stone cold killers and you're on their listTied to a chair with a gun at your head
Your face is all smeared with the blood that's been shed
You were gonna be rich, now you're gonna be dead
And all that glitters turns to leadDirty Diamonds
Blood soaked money in your shakin' fist
Dirty diamonds
Stone cold killers and you're on their listDirty Diamonds
Blood soaked money in your shakin' fist
Dirty diamonds
Stone cold killers and you're on their listDirty Diamonds
Dirty DiamondsDiamonds don't cheat
Diamonds don't lie
Diamonds are forever
Diamonds never dieDirty Diamonds
Blood soaked money in your shakin' fist
Dirty diamonds
Stone cold killers and you're on their listDirty Diamonds
Blood soaked money in your shakin' fist
Dirty diamonds
Stone cold killers and you're on their listRun for your life, you can't hide
Can't you hear 'em coming?
You're gonna dieRun for your life, you can't hide
Can't you hear 'em coming?
You're gonna dieYou better run for your life, you can't hide
Can't you hear 'em coming?
You're gonna dieYou better run for your life, you can't hide
Can't you hear 'em coming?
You're gonna die
