

# Dirty Diamonds

Alice Cooper

It looked so good, your perfect plan  
You had to get greedy to be the man  
Now you're holding the bag, paying the price  
Gonna get burned from the heat of the ice Dirty diamonds You rolled the dice, you bet your life  
You put your trust in your trophy wife  
Got stabbed in the back in the blink of her eye  
She's in bed with the boys and the FBI Dirty Diamonds  
Blood soaked money in your shakin' fist  
Dirty diamonds  
Stone cold killers and you're on their list Tied to a chair with a gun at your head  
Your face is all smeared with the blood that's been shed  
You were gonna be rich, now you're gonna be dead  
And all that glitters turns to lead Dirty Diamonds  
Blood soaked money in your shakin' fist  
Dirty diamonds  
Stone cold killers and you're on their list Dirty Diamonds  
Blood soaked money in your shakin' fist  
Dirty diamonds  
Stone cold killers and you're on their list Dirty Diamonds  
Dirty Diamonds Diamonds don't cheat  
Diamonds don't lie  
Diamonds are forever  
Diamonds never die Dirty Diamonds  
Blood soaked money in your shakin' fist  
Dirty diamonds  
Stone cold killers and you're on their list Dirty Diamonds  
Blood soaked money in your shakin' fist  
Dirty diamonds  
Stone cold killers and you're on their list Run for your life, you can't hide  
Can't you hear 'em coming?  
You're gonna die Run for your life, you can't hide  
Can't you hear 'em coming?  
You're gonna die You better run for your life, you can't hide  
Can't you hear 'em coming?  
You're gonna die You better run for your life, you can't hide  
Can't you hear 'em coming?  
You're gonna die
