Two Time Woman

Stryper

Ooh, yeah
Now listenLivin' life on a wire
Never knowin' what to do
Tryin' to find me a reason
To stay with you, yeahThen I saw you with someone
Ooh babe, now I knowI gotta lay low, just let go
I gotta say no, girl, just go
I'm sayin' two time girl
I don't want you to stayI took a real blow, hurt me so
You hit me real low, now I know
I'm sayin' two time woman
Don't come back this way
No, no, no, noCheck this outHangin' out at a party
All my friends everywhere
Thought you were right beside me
But you weren't there, noThen I caught you with someone else
That's the end of the showI gotta lay low, just let go
I gotta say no, girl, just go
I'm sayin' two time girl
I don't want you to stayI took a real blow, hurt me so
You hit me real low, now I know
I'm sayin' two time woman
Don't come back this wayI gotta lay low, just let go
I gotta say no, girl, just go
I'm sayin' two time girl
I don't want you to stay, noI took a real blow, hurt me so
You hit me real low, now I know
I'm sayin' two time woman
Don't come back this way, noI took a real blow, hurt me so
You hit me real low, now I know
I'm sayin' two time woman
Don't come back this wayDon't come back
