

# Darlin' Mary

TQ

Darlin' Mary So you're all in my mind  
Let me tell you what your seein'  
What seems so hard to find  
Is just another part of me When all of my friends come around  
We like to just pass her, pass her  
Don't have to be feelin' down  
On the day after And we've always been together  
Since I can remember  
So, we'll stay the same  
You've been salted up so bad  
But I don't care what nobody says Darlin' Mary  
You know I can't leave you alone  
She makes me happy  
And they say loving you is wrong  
Can't be mad at me, she puts me in a zone  
And I wish I could've got me  
Just a little bit to take home  
I love my darlin' Mary So you think it ain't right  
Well let me explain  
I love my darlin' Mary  
She makes my heart sing Whenever I'm feelin' lonely  
I take a ride up the street  
Give Kayo his twenty dollars  
He gives Mary back to me And she always stays a long time  
'Cause she likes Philllies  
Can't fuck with no zags  
And when she runs out no need to go crazy  
Just get another bag Darlin' Mary  
You know I can't leave you alone  
She makes me happy  
And they say loving you is wrong  
Can't be mad at me, she puts me in a zone  
And I wish I could've got me  
Just a little bit to take home  
I love my darlin' Mary Now, I've been taught not to love nobody  
But ain't nobody like Mary I don't mean to be selfish but I  
I only like the best shit so I  
If you wanna get really lit  
Put ten on it, and we can go and get Mary

Mary, Mary, MaryDarlin' Mary  
You know I can't leave you alone  
She makes me happy  
And they say loving you is wrong  
Can't be mad at me, she puts me in a zone  
And I wish I could've got me  
Just a little bit to take home  
I love my darlin' MaryDarlin' Mary  
You know I can't leave you alone  
She makes me happy  
And they say loving you is wrong  
Can't be mad at me, she puts me in a zone  
And I wish I could've got me  
Just a little bit to take home  
I love my darlin' MaryDarlin' Mary  
You know I can't leave you alone  
She makes me happy  
And they say loving you is wrong  
Can't be mad at me, she puts me in a zone
