

# Ghost (The Field Remix)

HVOB

You're hiding behind me.

Don't fade away.

We live in a ghost town.

Don't fade away.

Don't fade away.

Don't fade away. We live in a ghost town.

Don't fade away.

On my way in every way

Be my guide or be my ghost

There are no two ways about it

You're my guide or you're my ghost On my way in every way

Be my guide or be my ghost

There are no two ways about it

You're my guide or you're my ghost Be my guide or be my ghost

You're my guide or you're my ghost
