

Dreaming

Cream

Dreaming about my love
You bring me joy and hours of happiness
More or less
I dream my life away
Waiting for you to come
Changing my life for you to emptiness
Meaningless
Minutes just drift by
I don't care if I get nowhere
I can just dream and you'll be there
What else is there to do?
Dreaming about my life
Where are you now

And when will you come to me?
I dream my life away
I don't care if I get nowhere
I can just dream and you'll be there
What else is there to do?
Dreaming about my love
You bring me joy and hours of happiness
More or less
I dream my life away
Dreaming
Dreaming
