

# Submission

## Darkane

Push the boundaries of suffering  
The mind is a bottomless pit of evil desires  
Designs of endless punishment  
Mental suffering intentionally inflicted  
For the purpose of coercing  
Torture is the devastating instrument of power  
Strain of cruelty  
Marked by this horrid experience  
Strain of cruelty  
Profound malevolence  
Multidimensional suffering  
Leaves no part of life untouched  
Waiting for someone to fall, submission  
Waiting for someone to fall  
Pain, the malignant tangible reminder  
Of the trauma suffered  
Waiting for someone to fall, submission  
Waiting for someone to fall  
Recurrent nightmares creating chronic anxiety  
Post traumatic stress disorder  
The psychological result of this experiment  
Break the spirit of dissident people  
Punish those who already are beaten down  
Torture is the devastating instrument of power  
Strain of cruelty  
Marked by this horrid experience  
Strain of cruelty  
Profound malevolence
