Clown (Transmutator vs. Razed in Black mix)

Switchblade Symphony

Crying loud you are crawling on the floor-just a beautiful baby. Your nothing more. Close your eyes your crawling into sleep. I sware i won.t break you if you let me take you where the willows never weep. Coming quick into your wonderland Flying high on bleached white sand. Tranquilized by lights you.ll lose your way-well just come with me i.ll make you see....with me you want to stay.
....can baby come out to play?
Circus lights are shutting slowly down. But still your up in the air and loving your wings. My dear you play the clown. Your still up in the air and loving your wings. what's going to happen when you come down? what's gonna happen when you come crashing down?
