## Failure

This world's a crying shame  
the resonance of what you felt when she came  
was way too much to bear  
You find yourself laughing on the shady side of everything  
Self forth shot from blind to blind  
And no one feels a thing now  
My baby's dreaming the head of every creep that ever lived  
It stops all timeMulholland DriveAlien air is a similar drink  
And we'll carry seashores in our latest mutant  
It's always on my mind  
Like a shadow slipped from your brain  
The sun spit out its final ray  
No flapping wings beneath your mind  
And you can't feel your fingersMulholland DriveHe said you came to  
Like a cycle back  
Everyone is on your side  
No one understandsMulholland Drive
