

# Dancing in a Storm

Plush

Where do you come from?  
You got class and poise and you know what you want  
It's such a turn on  
You got tone in your voice so you never say it wrong Just keep moving on  
You got a rattle in your hips like you're dancing in a storm I come rushing in  
To take you under and drown you in my arms  
Yeah, I surrender  
To your beating heart  
I take you under and drown you in my arms I thought you were leaving  
You took hold of my hand and lead me astray  
You're such a turn on  
If you know what you want, it never takes too long Just keep moving on  
You got a rattle in your hips like you're dancing in a storm I come rushing in  
To take you under and drown you in my arms  
Yeah, I surrender  
To your beating heart  
I take you under and drown you in my arms Just keep moving on  
You got a rattle in your hips like you're dancing in a storm I come rushing in  
To take you under and drown you in my arms  
Yeah, I surrender  
To your beating heart  
I take you under and drown you in my arms
