Everything's Gone Green (7" Version)

New Order

Help me, somebody help me
I wonder where I am
I see my future before me
I'll hurt you when I canIt seems like I've been here before
It seems like I've been here before
It seems like I've been here before
It seems like I've been here beforeConfusion sprung up from devotion
A halo that covers my eyes
It sprung from this first estrangement
No one have I ever despisedIs this the way that you wanted to pay
Won't you show me, please show me the way
Is this the way that you wanted to pay
Won't you show me, please show me the way
Show me, show me, show me, show me, show me
