

Pasta

The Pop Ups

I love to eat my favorite treat
made from wheat
it's a meal complete Gotta have my spaghetti it wakes up every meal
I get down with fusilli with the zest of lemon peel
munchin on manicotti the flavor's so unreal
it's outrageous, all the shapes that it can be Everyday al dente
or anyway
that you can say I will eat ravioli filled with anything
I'll be baking some ziti from grandma's recipe
loving me orichietti
eat it dry or oily, it's official it's a dish you'll love to eat red sauce
or with white sauce
or with pesto
olive oil
bolognese
carbonara
or alfredo
frau diavlo
arrabiata
puttanesca
cavalfiore
or a simple ragu
agliatta
carbonara
primavera
genovese I wrote a song for my favorite food
I love you i love you I could rock pappardelle with four different kinds of cheese
I get down with linguine it's like sweet music to me
don't forget my rotini, with capers sauce and peas
you can't argue with the culinary certainty
