

Bury Me Alive

Breaking Benjamin

I keep falling out of line
I was drained and left behind
All will fade and petrify
Feed the hate and start the lies
Falling in between, I am caught beneath
Light the way and let me go (suffocate inside)
I will break and watch you crawl
Bury me alive! I keep falling out of time
I was blamed and cauterized
All will change and calcify
Feed the hate and start the lies
Falling in between, I am caught beneath
Light the way and let me go (suffocate inside)
I will break and watch you crawl
Bury me alive! Control!
Lies inside, lies inside
Light the way and let me go (suffocate inside)
I will break and watch you crawl
Bury me alive!
Light the way and let me go (suffocate inside)
I will break and watch you crawl
Bury me alive! bury me alive!
Bury me alive!
