

# Living in the Gray

## Godsmack

You got something to say?  
Should I wait and listen?  
Sounds unfocused to me, and your heart is missing  
Cold, stubborn, and so vain,  
With every breath you're breathing  
Your head's a one-way street, it never rhymes or reasons  
Not everything is always black or white  
Sometimes we're living in the gray  
Controlling every way, for your own identity  
No room for mistakes, and preaching your hypocrisy  
Maybe one day you'll come to realize that  
That all you do and say was meant to be in the gray  
Not everything is always black or white  
Sometimes we're living in the gray  
Not everything is always black or white  
Sometimes we're living in the gray  
Living in the gray
